Education

Program	Institute	CGPA / %	Year
Bachelor of Technology (B.Tech) in Information Technology	Walchand College of Engineering, Sangli	7.74	2022 - present
Higher Secondary Education	N.V.S Marathwada Highschool, Kandoba bazar,Parbhani	88.67%	2022
Secondary School Education	N.V.S Marathwada Highschool,Shivaji Nagar ,Parbhani	89.40%	2020

Key Projects

1. Dynamic Quiz | React.js, Node.js, Express.js, PostgreSQL
- Built a secure quiz platform where teachers can create quizzes with a password.
- Designed teacher workflow: add questions with correct answers → finalize quiz → publish.
- Students can access newly created quizzes using the password and attempt them.
- Implemented result management: teachers can release/re-release results and view student scores.

2. Connectify | React.js, Node.js, Express.js, PostgreSQL, Tailwind CSS
- Developed a collaboration platform where users can post project details and open vacancies.
- Implemented application tracking with accept/reject functionality for project creators.

3. VerifyHub | Truffle, Ganache, React.js, Node.js, JWT
- Developed a digital certificate verification platform connecting educational institutions, students, and employers to streamline credential verification
- Implemented role-based authentication system allowing institutions to generate certificates (degrees, workshops, club events), students to receive them, and employers to verify candidate credentials

Technical Skills

- **Programming Languages** : C++, Java (Basics) , Javascript
- **Web Technology :** HTML, CSS, Javascript, React.js, Node.js, Express.js, TailwindCSS
- **Tools and Other Technologies :** VSCode, GitHub, Postman , JWT Authentication
- **Database System :** PostgreSQL , MySQL
- **Hosting Platform :** Firebase, Vercel

Course Work

- Object Oriented Programming
- Data Structure And Algorithms
- Database Management System
- Operating System

Positions of Responsibility

- GDSC (Google developer Students Club) WCE - Web Lead   October 2024 - Present

Achievements

- Solved 200+ questions on leetcode

Non-Technical Skills

- Hardworking
- Team Player
- Dedicated

Hobbies

- Playing PC Games
